her mother's remarks, lost sight of her

and dislocation of thought—but

but was of small moment, and a

prospect of millions of dollars and a

prosperous future, she could not

comprehend the loss of the hour, for

the whole family, apparently.

Mr. Burford, having called at length

in silence, was supposed to be asleep;

but in fact he was cogitating this

prolonged absence of his wife, and

representing his probable in-

fluence on the firm, reflecting to adapt

himself to the new conditions of the

house. Though he had hitherto

considered this mode of life as a

thing that could be desired for his

family, and had hoped at no distant date

to be able to do so, he was now

admitted the fact that he was

not so well as he had supposed, and

that his wife had had the same

thing that had led him to wish

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

to be able to do so. But he would

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

be content to be as he was, and

to be able to do so. But he would

get on West street, any more than you

can do, and all will be right. But

as I said before, I'll have to be

so matters that you haven't had

time to think of them.

Animals are often afflicted with a disease called the mange, the same disease in human beings is called it, and is highly contagious. It is a mix of sulphur with Dr. J. H. McLean's Volcanic Oil Liniment, bathes it thoroughly, and take Dr. J. H. McLean's Liver and Kidney Balm. Sold by G. B. Swango, Hazel Green, and J. N. Vaughn, Campbell.

If the election for President in 1888 should be thrown into the House of Representatives, the Democrats could not elect their man. They have elected a majority in the delegations from only sixteen States. In the election of a President by the House the Constitution provides that each State shall cast a single vote for the candidate who will be the choice of a majority of the Representatives from that State. Twenty States, a majority of thirty, are required to elect a President. A third party movement in 1888 might defeat the Democratic party—Sentinel-Democrat.

In cases of Fever and Ague, the blood is as effectually, though not so directly, as highly contaminated, as it is in the case of malarial fever. It is a mix of sulphur with Dr. J. H. McLean's Volcanic Oil Liniment, bathes it thoroughly, and take Dr. J. H. McLean's Liver and Kidney Balm. Sold by G. B. Swango, Hazel Green, and J. N. Vaughn, Campbell.

Mr. Carlisle has pulled through all right, with a majority which has been a good deal bigger if his Democratic constituents had waked up to the fact that there was an election last Tuesday. Mr. Carlisle's defeat would have been generally regretted even by his political opponents in Congress. His narrow escape this year should teach the Democrats in his district that they must look to elect a man is mighty foolish and wholly unsafe. The Kentucky Democrats must be stirred up—N. Y. Sun.

You will have no use for spectacles if you use Dr. J. H. McLean's Strengthening Eye Salve. It removes the eye secum which accumulates on the eye balls, subdues inflammation, cools and soothes the irritated nerves, strengthens weak and failing sight. 25c. a box. Sold by G. B. Swango, Hazel Green, and J. N. Vaughn, Campbell.

Col. William Cassius Goodloe is prominently mentioned as a Republican candidate for Governor of Kentucky. Several other gentlemen are also spoken of as candidates for the office. If we had a voice in making the selection it would be for Col. Goodloe. In all of the bold attainments for making a good Governor, and in the accomplishments that indicate the gentleman and education in the private life, he stands first among the candidates named—Lexington Press.

Brace Up.
You are feeling depressed, your appetite is poor, you are bothered with Headache, you are fatigued, nervous and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitter pills, but with your basis, very cheap, but healthy, and which stimulates you for an hour, and then leave you in warm comfort and before. What you want is an alternative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you can find in Electric Bitters, and only 50 cents a bottle at all drug stores.

Wolfe county Democrats are entitled to wear the belt. Notwithstanding that Wolfe county is the home of Capt. Hunt the Democrats rolled up a majority of 312 votes for Mr. Tammie, only three votes less than he received two years ago over Auxier. The smallest loss of any county in the district. All honor

to Wolfe Democrats—Sentinel-Democrat.

Good Results in Every Case.
D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs, had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by a few bottles. Since which time he has used it in his family for all Coughs and colds with best results. This is the experience of thousands whose lives have been saved by the Wonderful Discovery. Trial bottles free at all drug stores.

Hope springs eternal in the breast of the American nation. It is in this year, he has lost of other years to look forward to. So he doesn't think the country is hopelessly condemned because his man is beaten. He waits and hopes, working for the principles, and institutions he believes in, and is not forever cast down by temporary defeat. So the country keeps on, whoever is elected and whoever is defeated—N. Y. Sun.

Buckley's Arnica Salve.

Speaker Carlisle is being made the subject of a great many absurd newspaper reports, the latest being that he is so much dissatisfied with his treatment in Kentucky that he will, in a spirit of pique, remove his residence to the far West. Such conduct is wholly inconsistent with Mr. Carlisle's high reputation for statesmanship, and we don't believe it—Lexington Press.

Frequently accidents occur in the household which cause burns, cuts, sprains and bruises; for use in such cases Dr. J. H. McLean's Volcanic Oil Liniment has for many years been the constant favorite family remedy. Sold by G. B. Swango, Hazel Green, and J. N. Vaughn, Campbell.

Letter from Rev. L. Stamper.
VINCENNES, KY., Nov. 10, 1886.

I promised my friends to let them hear from me occasionally through THE HAZEL GREEN HERALD. I have been so busy that I have not been able to do so. The prospects are fair for a prosperous year. Evidence of appreciation are coming in from all directions. They came in a few weeks ago in the shape of four, hams, canned fruit, eggs, sugar, rice, tea, canned fruit, jellies, pickles, preserves, &c. In fact we nearly had the life of the Vanover Bros. Band. The climatic, "under the front window" and made the music. How encouragement of this kind lifts the burden and brightens the prospects of a careworn itinerant preacher. Our wardens are full, our pantry is full, our purse is nearly full. It is a great deal of gratitude to the people here for their acts of kindness. Surely the lines have fallen to us on this work and from present indications we expect to reach a higher plane of church work. I have just closed a meeting here at a very interesting interest. Rev. H. L. Simon, of Cincinnati, attended the meeting. He was on the stage nine years ago, and he has since then had few equals and no superiors. Now as an inverted man, and preacher of the gospel, with all his worldly knowledge, he is a great deal of gratitude to the people here for their acts of kindness. Surely the lines have fallen to us on this work and from present indications we expect to reach a higher plane of church work.

Our young preacher, S. S. Swaim is said to be a fine fellow. He is a theological student and his well. I have promised not to tell. He believes in the power of "It is not good for man to live alone." He reads Proverbs xii: 22 more than any other part of the Bible in his study. He says he will be heard from, and if all reports are true he has already been heard from in the classic banks of the "Kittamao." Prof. J. E. Smalley, of Campbell, is visiting here. He is a young man, stands higher in the estimation of the people here than he. His friends are hoping that he may locate here in the winter, if no longer. The good society

mountain air, and wholesome food seem to have agreed with the Prof., as he is looking better than ever before. He reports that he is well pleased with the people of Campbell and Wolfe county. He says he will return in the spring. May THE HERALD live long and prosper. W. L. Stamper

THE BEST
been ever bestowed upon man is perfect health, and the way to insure health is to purify your blood with Ayer's Sarsaparilla. Mrs. Ellen A. Clough, 34 Arlington Street, Lowell, Mass., writes: "I am winter and spring my family, including myself, use several bottles of Ayer's Sarsaparilla. Experience has convinced me that, as a powerful

Blood
purifier, it is very much superior to any other preparation of Sarsaparilla. All persons of scrofulous or consumptive tendency, and especially delicate children, are sure to be greatly benefited by its use." J. W. Starr, Laconia, Iowa, writes: "For years I was troubled with Scrofulous complaint. I tried several different preparations, which did me little, if any good. Two bottles of Ayer's Sarsaparilla effected a complete cure. It is my opinion that this medicine is the best blood

Purifier
of the day." C. E. Upton, Nashua, N. H., writes: "For a number of years I was troubled with a humor in my eyes, and unable to obtain relief until I commenced using Ayer's Sarsaparilla. I have taken several bottles, am greatly benefited, and believe it to be the best of blood purifiers." R. Harris, Croft City, Kansas, C. Dak., writes: "I have been an intense sufferer, with Dyspepsia, for the past three years. Six months ago I began to use

AYER'S Sarsaparilla
It has effected an entire cure, and I am now as well as ever."

USE Vegetable Siccative
HALL'S HAIR RENEWER.
It is a medicinal preparation, and, at the same time, an elegant and cleanly toilet. Its action upon the scalp is healthy. It nourishes the glands which support the hair, and causes thin, dry hair to become thick, soft, and vigorous. It restores the color of youth to locks which have become faded with age or disease; and relieves and cures itching, caused by humors of the scalp. Dr. George Gray, Nashua, N. H., writes: "It gives me pleasure to testify to the wonderful effects produced by Hall's Vegetable Siccative Hair Renewer, as observed by me in very many cases. It will certainly restore the color of youth to locks which have become faded with age or disease; and relieves and cures itching, caused by humors of the scalp. Dr. George Gray, Nashua, N.
